

NOTE: All markups from the desktop version still apply,
Only tablet-specific considerations are shown to avoid redundancy

NOTE: Like the tablet, all markups from the desktop and tablet version still apply, Only mobile-specific considerations are shown to avoid redundancy

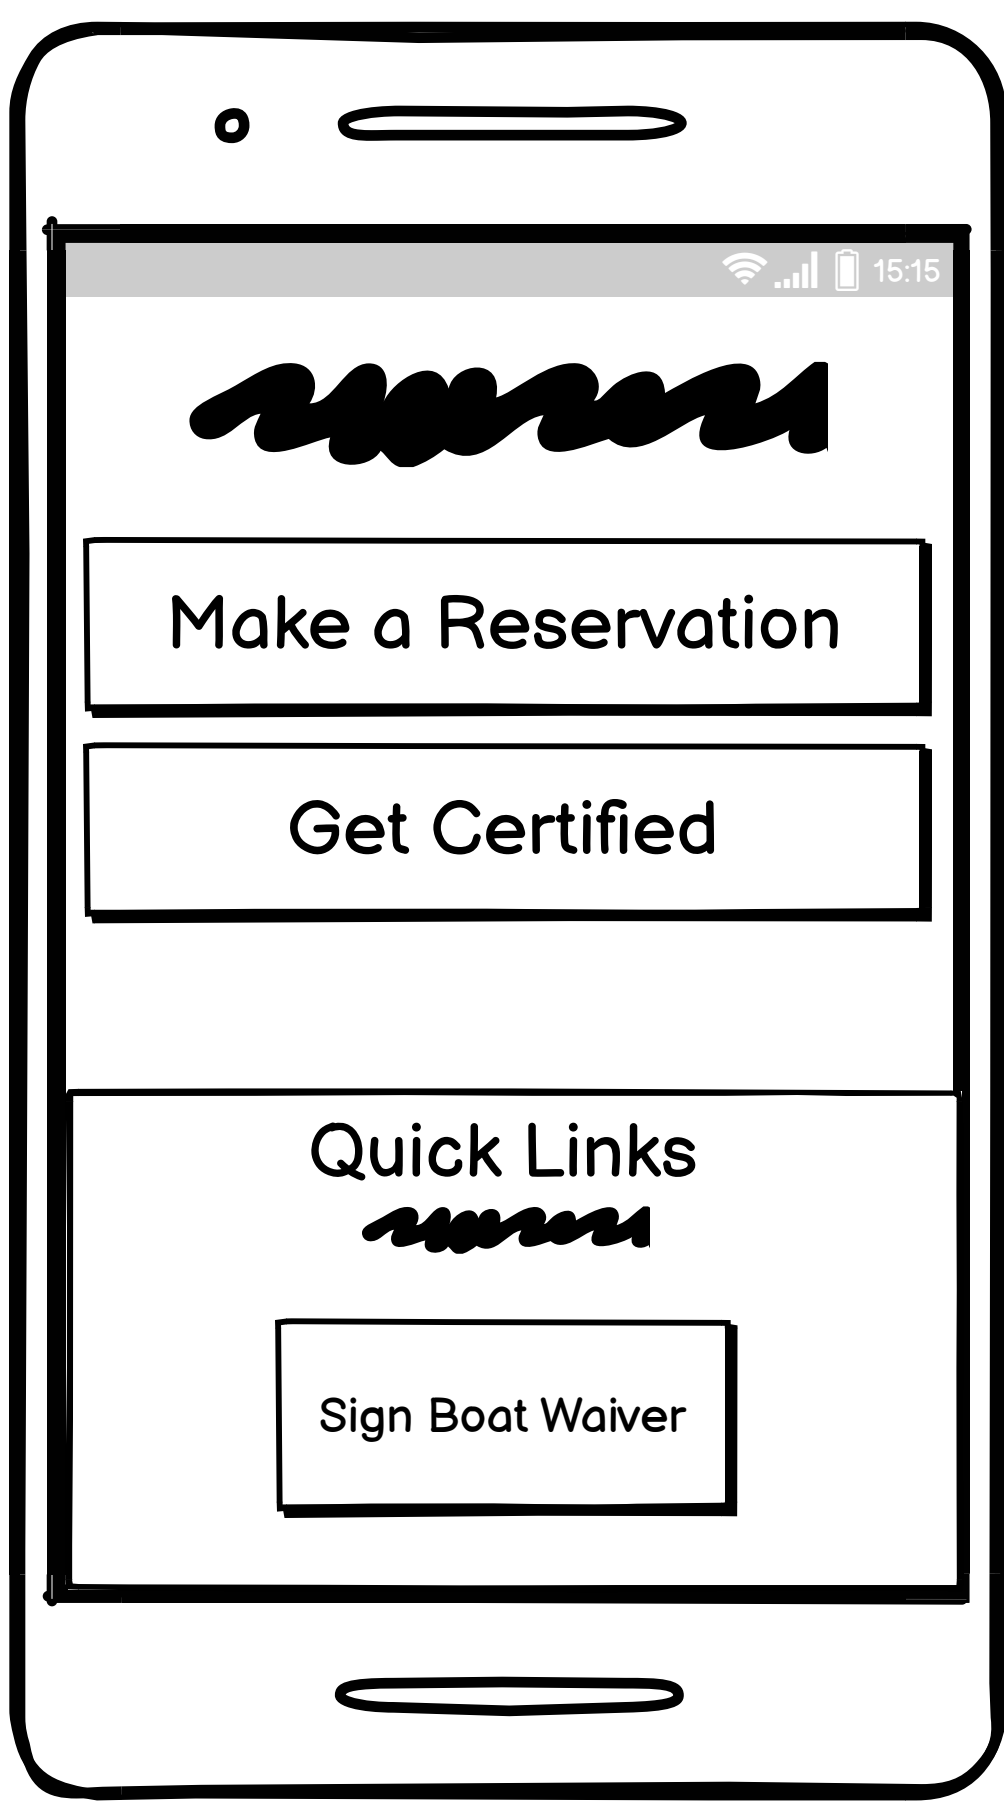

Nav Bar Retracted (Default State)

Nav Bar Expanded

Vertical Navbar layout, cleaner for mobile

Video is pushed down, NOT covered

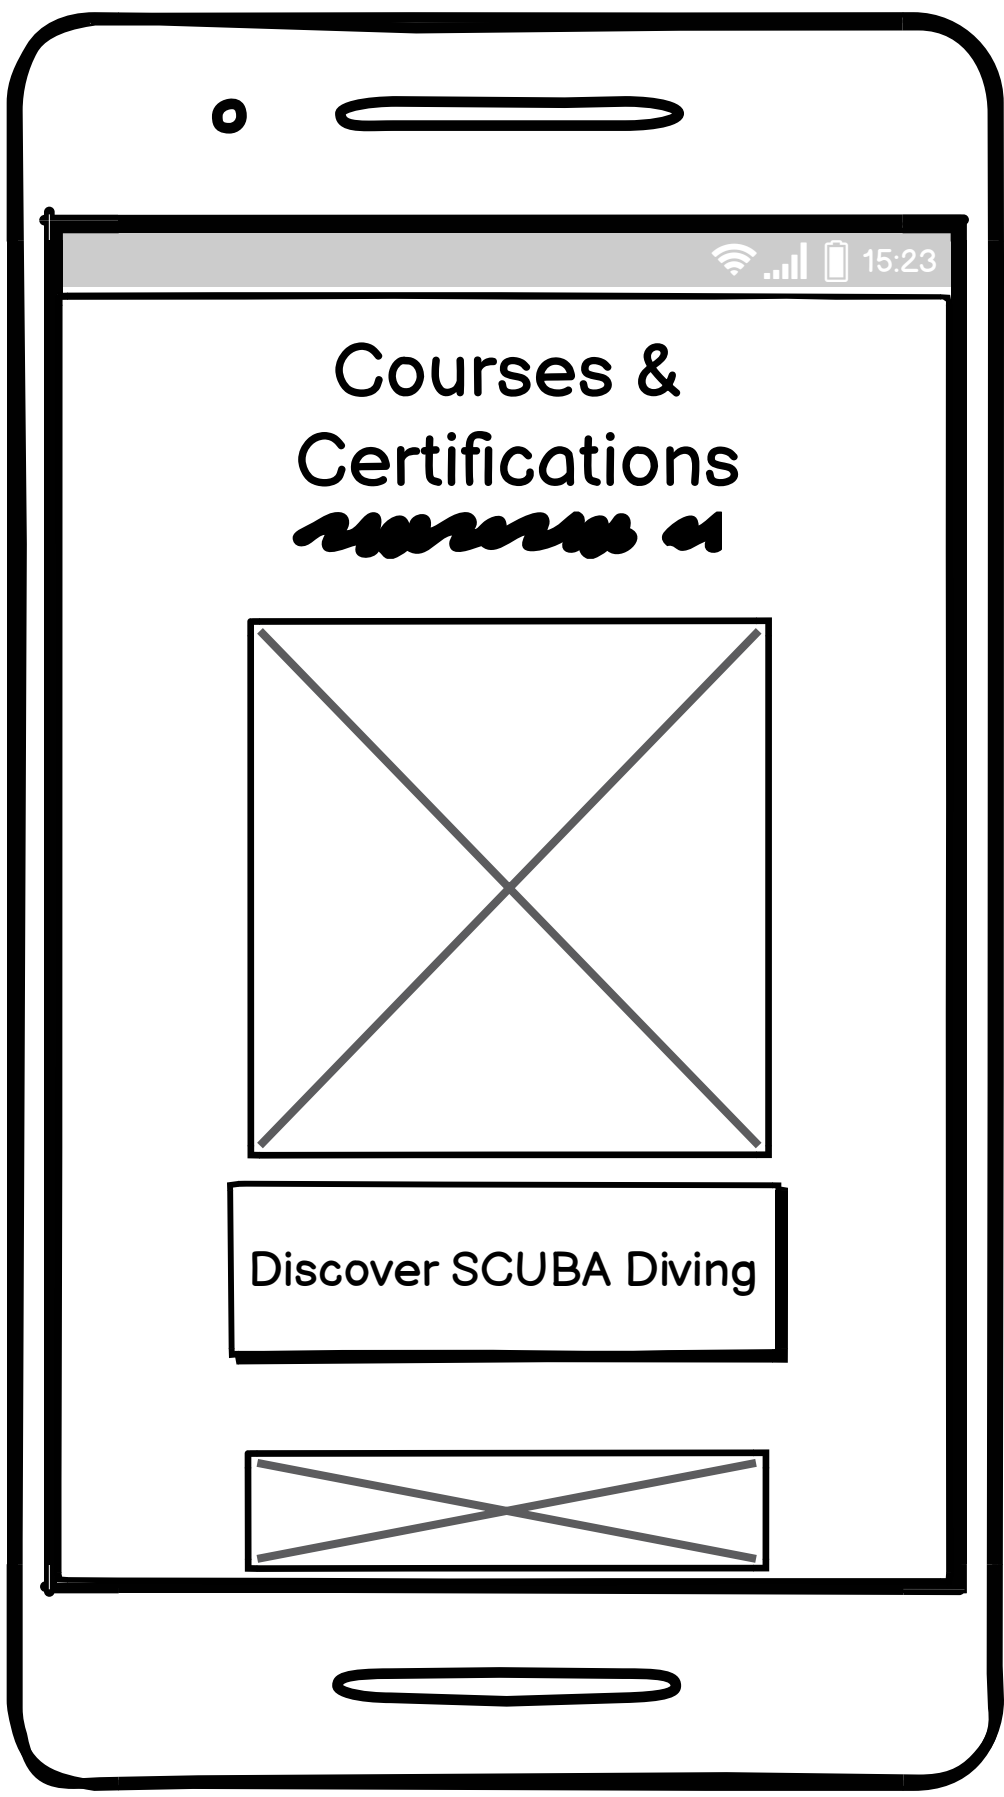

Buttons **outside** of sections are full-width, and stack

Buttons **within** sections are not full-width. NOTE: If additional buttons are present, they ****do**** stack, but are not full width

Sections still take up full width

Smaller width between sections on mobile

Course images and CTA buttons stack on mobile
